## LIMITATIONS AND RESTRICTIONS

The article of jewelry and/or gemstone(s) described in the I.G.I. Evaluation ("Report") has been analyzed by International Gemological Information, a division of International Gemological Institute, Inc. (I.G.I.) using the most up to date methods and equipment available to I.G.I. at examination time. However, this Report is not a guarantee, valuation, or appraisal and I.G.I. makes no representation or warranty regarding the article of jewelry and/or the gemstone(s) described in this Report, regarding the description in this Report, nor regarding the Report itself. The date of the report may not necessarily be the date of inspection or the date of issuance. Examination and/or analysis by others may result in alternative conclusions and may be based upon when, how and by whom the gemstone has been graded, tested, analyzed and/or examined. Additionally, end results may differ in the future due to changes, improvements, modifications or obsolescence of techniques and equipment available and/or in use at the present time

I.G.I. is able to provide this Report at the designated rate only because of the limitations set forth below respecting the liability of I.G.I., and because of further limitations agreed upon in connection with this Report:

- (i) Under no circumstances shall I.G.I. nor its employees and/or agents be liable for special or consequential damages resulting from
  - a. any error or omission from this Report;
  - b. the issuance or use of this Report;
- (ii) Under no circumstances shall I.G.I. nor its employees and/or agents be liable for any error or omission from this Report caused by the acts of others, even if advised of the possibility of such.

Each of the above limitations, as well as others agreed upon in connection with this Report, extends to the Client for whom this Report was prepared, as well as to every other person to whom this Report or the gemstone described herein is distributed or shown. This report includes advanced security features. A duly accredited gemologist or jeweler can advise you with respect to the importance of and interrelationship between cut, color, clarity and carat weight.
